Safety Instructions

• Allow floors to fully dry before walking to avoid slipping.
• Carefully remove solution bottles when replenishing with another Rejuvenate® cleaning solution.
• **DO NOT** mix cleaning solutions with any other products.
• The Bottle Reservoir is specifically molded to fit **ONLY** Rejuvenate® cleaning product bottles. **DO NOT USE** or attempt to use any other manufacturer’s cleaning products.

For Best Results

Use Rejuvenate® Click n Clean™ on any flooring surface. It’s great to use on Hardwood, Laminate, Linoleum, Tile & Grout, Marble/Granite, Vinyl Tile, Sealed Concrete and Carpet. (with the carpet scrubber attachment sold separately). Do not use on unfinished, oiled, waxed or unsealed surfaces.

• **NOTE:** Rejuvenate® Floor Restorers or Shine Refresher cannot be used with this mop kit as it will permanently damage the spray pump.
• Dust or vacuum flooring surface before cleaning and using cleaning solutions.
• If you switch cleaning solutions, make certain to use a clean, dry microfiber pad.
• Flush and clean Bottle Reservoir with 1 Oz. of warm water when switching cleaning types. Repeat as needed.
• If spray nozzle is clogged, simply clean with warm water and a cotton swab.
• Launder microfiber pads directly after use on gentle cycle using mild detergent and allow to air dry. **Do not use fabric softener.**
• Use only Rejuvenate® 32 Oz. or 40 Oz. spray-cleaners with long neck bottles or look for the Click n Clean™ logo.
• Use of any other products could produce undesirable results.

Frequently Asked Questions

Q: Are the bottle adapters reusable?
Yes! Always clean the adapters with warm water and mild soap after use and before using on another bottle.

Q: Can water be added to the cleaning solutions?
No, do not add water.

Q: Can a bottle be left in the reservoir for storage?
We recommend removing bottles and disposing of any fluid remaining in the bottle reservoir with repeated trigger sprays. Clean by pouring 1 Oz. of warm water into the Mop Reservoir and spray until water is flushed through. Air dry and store empty.

Q: Can I refill the bottles?
Bottles can only be refilled using the same Rejuvenate® cleaning solution.

Q: Can I use Rejuvenate® All Floors Restorer, Professional Wood Floor Restorers or Shine Refresher / Shine-It™ Floor Polish with this system?
No. The Click n Clean™ Floor Care Kit is only for 32 Oz. or 40 Oz. Rejuvenate® cleaners. Go to www.RejuvenateProducts.com/ClicknClean for more details.

Q: The bottle does not fit in Bottle Reservoir. What should I do?
Make sure you are using a long neck bottle and then press the 32 Oz. or 40 Oz. Rejuvenate® spray bottle firmly into the Bottle Reservoir until it clicks into place.

Q: What do I do if my device is leaking?
The Bottle Reservoir may hold up to 1 Oz. of liquid. If more liquid exists, check that the Bottle Adapter is fully threaded on the bottle.

Q: Why does the Bottle Reservoir have cleaning solution left over when the bottle is removed?
This is normal and may be disposed of in a sink or with repeated trigger sprays after removing the bottle. Allow to air dry.
